## Declaration of compliance

We, **HB Products A/S**

Confirm with full responsibility that below products:

Liquid Refrigerant Sensors, with digital ON/OFF output:

- HBSR-xxx
- HBSR-HFC-xxx
- HBSC2-xxx

Liquid Refrigerant Sensors, with analogue 4-20mA output:

- HBLT-Wire-x
- HBLC-CO2-x
- HBLC-HFC-x

Developed and manufactured by ourselves

Comply with **article 2, definition 29** of the  
*REGULATION (EU) No 517/2014 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL  
of 16 April 2014 on fluorinated greenhouse gases and repealing Regulation (EC) No 842/2006*  
regarding "leakage detection system"

Any of above listed sensors may be utilized as an  
*"...electronic device for detecting leakage of fluorinated greenhouse gases which, on detection, alerts the operator with the purpose monitoring and/or alarming according to the definition"*

The liquid refrigerant sensors, with digital ON/OFF output may be used as a single point switch, alarming if the refrigerant level drops below the horizontal sensor probe.

The liquid refrigerant sensors, with analogue 4-20mA output may in connection with a controller be used to alarm if the refrigerant level drops below a predetermined limit. Such limit must be set in a separate controller.

HB Products A/S does not warrant improper installation, lack of maintenance or failure to act in case of a leakage.
